DATE OF ORDER: April 7, 2020

UNDER THE AUTHORITY OF CALIFORNIA HEALTH AND SAFETY CODE SECTIONS 101040, 101085, AND 120175, THE HEALTH OFFICER OF THE COUNTY OF SACRAMENTO ("HEALTH OFFICER") ORDERS:

1. This Order supersedes the March 19, 2020, Order of the Health Officer directing all individuals to stay at home ("Prior Stay at Home Order"). This Order clarifies, strengthens, and extends certain terms of the Prior Stay at Home Order to increase social distancing and reduce person-to-person contact in order to further slow transmission of Novel Coronavirus Disease 2019 ("COVID-19"). As of the effective date and time of this Order set forth in Section 15 of this Order, all individuals, businesses, and government agencies in the County of Sacramento ("County") are required to follow the provisions of this Order.

Order of the Sacramento County Health Officer
to Stay at Home or Place of Residence

2. The intent of this Order is to ensure that the maximum number of people stay in their homes or places of residence to the maximum extent feasible, while enabling essential services to continue, to slow the spread of COVID-19 to the maximum extent possible. When people need to leave their homes or places of residence, whether to obtain or perform vital services, or to otherwise facilitate authorized activities necessary for continuity of social and commercial life, they should at all times, as reasonably possible, comply with Social Distancing Requirements as defined in Section 12 of this Order. All provisions of this Order should be interpreted to effectuate this intent. Failure to comply with any of the provisions of this Order constitutes an imminent threat to public health.

3. All individuals currently living within the County of Sacramento (the "County") are ordered to stay at home or place of residence. To the extent individuals are using shared or outdoor spaces, they must at all times, as reasonably possible, maintain social distancing of at least six feet from any other person when they are outside their residence. All persons may leave their residences only for Essential Activities, Essential Governmental Functions, or to operate Essential Businesses, all as defined in Section 12. Individuals experiencing homelessness are exempt from this Section, but are strongly urged to obtain shelter. Persons experiencing homelessness that are unable to locate shelter should refrain from being in encampments of more than 10 people, and governmental and other entities are strongly urged to make such shelter available as soon as possible and to the maximum extent practicable (and to utilize Social Distancing Requirements in their operation).

4. All businesses with a facility in the County, except Essential Businesses, as defined in Section 12, are required to cease all activities at facilities located within the County except Minimum Basic Operations, as defined in Section 12. For clarity, all businesses may continue operations consisting exclusively of owners, employees, volunteers, or contractors performing activities at their own residences (i.e., working from home). All Essential Businesses are strongly encouraged to remain open. But Essential Businesses are directed to maximize the number of employees who work from home. Essential Businesses may only assign those employees who cannot perform their job duties from home to work outside the home. All Essential Businesses shall prepare, post, and implement a Social Distancing

Order of the Sacramento County Health Officer

Protocol at each of their facilities at which they are maintaining operations, as specified in Section 12. Businesses that include an Essential Business component at their facilities alongside non-essential components must, to the extent feasible, scale down their operations to the Essential Business components only; provided, however, that mixed retail businesses that are otherwise allowed to operate under this Order may continue to stock and sell non-essential products. Essential Businesses shall comply with Social Distancing Requirements as defined in Section 12, including, but not limited to, when any customers are standing in line.

5. All public and private gatherings of any number of people occurring outside a single household or living unit are prohibited, except for the limited purposes expressly permitted in this Order. All bars, wineries and brew-pubs should be closed, all in-dining at restaurants should cease, with the exception of home delivery and takeout, and all gyms, bingo halls, and card rooms should close. Nothing in this Order prohibits members of a single household or living unit from engaging in Essential Travel or Essential Activities together.
6. All travel, including, but not limited to, travel on foot, bicycle, scooter, motorcycle, automobile, or public transit, except Essential Travel, as defined below in Sections 12(j), is prohibited. People may use public transit only for purposes of performing Essential Activities or to travel to and from work to operate Essential Businesses, maintain Essential Governmental Functions, or to perform Minimum Basic Operations at non-essential businesses. Transit agencies and people riding on public transit must comply with Social Distancing Requirements, as defined in Section 12(l), to the greatest extent feasible. This Order allows travel into or out of the County only to perform Essential Activities, operate Essential Businesses, maintain Essential Governmental Functions, or perform Minimum Basic Operations at non-essential businesses.
7. This Order is issued based on evidence of increasing occurrence of COVID-19 within the County and throughout Northern California, scientific evidence and best practices regarding the most effective approaches to slow the transmission of communicable diseases generally and COVID-19 specifically, and evidence that the age, condition, and health of a significant portion of the population of the County places it at risk for serious health complications, including death, from COVID-19. Due to the outbreak of the COVID-19 disease in the general public, which is now a pandemic according to the World

Order of the Sacramento County Health Officer
to Stay at Home or Place of Residence

Health Organization, there is a public health emergency throughout the County. Making the problem worse, some individuals who contract the virus causing the COVID-19 disease have no symptoms or have mild symptoms, which means they may not be aware they carry the virus and are transmitting it to others. Because even people without symptoms can transmit the infection, and because evidence shows the infection is easily spread, gatherings and other interpersonal interactions can result in preventable transmission of the virus. This public health emergency has substantially worsened since the County issued the Prior Stay at home Order on March 19, 2020, with a significant escalation in the number of positive cases, hospitalizations, and deaths, and increasing strain on health care resources. At the same time, evidence suggests that the restrictions on mobility and social distancing requirements imposed by the Prior Stay at home Order are slowing the rate of increase in hospitalizations and deaths by limiting interactions among people and limiting spread to vulnerable groups, consistent with scientific evidence of the efficacy of similar measures in other parts of the country and world. The scientific evidence shows that at this stage of the emergency, it remains essential to continue to slow virus transmission as much as possible to protect the most vulnerable, to prevent the health care system from being overwhelmed, and to prevent deaths. Extension of the Prior Stay at home Order and strengthening of its restrictions are necessary to further reduce the spread of the COVID19 disease, preserving critical and limited healthcare capacity in the County and advancing toward a point in the public health emergency where transmission can be controlled.

8. This Order is also issued in light of the existence, as of April 3, 2020, of 390 cases of COVID-19 in the County, (up from 45 confirmed cases on March 18, 2020, just before the Prior Stay at home Order) and at least 10 deaths (up from three deaths on March 18, 2020) including a significant and increasing number of suspected cases of community transmission and likely further significant increases in transmission. This Order is necessary to slow the rate of spread, and the Health Officer will re-evaluate it as further data becomes available.
9. This Order is issued in accordance with, and incorporates by reference, the March 4, 2020, Proclamation of a State of Emergency issued by Governor Gavin Newsom, the Declarations of Local Health Emergency issued by the Health Officer on March 6, 2020, the March 10, 2020, Resolutions of the Board of Supervisors of the County of Sacramento

Order of the Sacramento County Health Officer
to Stay at Home or Place of Residence

Ratifying the Declarations of a Local Health Emergency and Local Emergency, and Governor Newsom's March 12, 2020, Executive Order N-25-20.

10. This Order is issued in light of evidence that the Prior Stay at home Order has been generally effective in increasing social distancing, but that at this time additional restrictions are necessary to further mitigate the rate of transmission of COVID-19, to prevent the health care system from being overwhelmed, and prevent death. This Order comes after the release of substantial guidance from the County Health Officer, the Centers for Disease Control and Prevention, the California Department of Public Health, and other public health officials throughout the United States and around the world, including an increasing number of orders imposing similar social distancing requirements and mobility restrictions to combat the spread and harms of COVID-19. The Health Officer will continue to assess the quickly evolving situation and may modify or extend this Order, or issue additional Orders, related to COVID-19.

11. This Order is also issued in light of the March 19, 2020, Order of the State Public Health Officer ("State Order"), which set baseline statewide restrictions on nonresidential business activities effective until further notice, as well as the Governor's March 19, 2020, Executive Order N-33-20 directing California residents to follow the State Order. The State Order was complementary to the prior County Stay at Home Order. This Order adopts in certain respects more stringent restrictions addressing the particular facts and circumstances in this County, which are necessary to control the public health emergency as it is evolving within the County. Without this tailored set of restrictions that further reduces the number of interactions between persons, scientific evidence indicates that the public health crisis in the County will worsen to the point at which it may overtake available health care resources within the County and increase the death rate. Also, this Order enumerates additional restrictions on non-work-related travel not covered by the State Order, including limiting such travel to performance of Essential Travel or Essential Activities; sets forth mandatory Social Distancing Requirements for all individuals in the County when engaged in activities outside their residences; and adds a mechanism to ensure that Essential Businesses comply with the Social Distancing Requirements. Where a conflict exists between this Order and any state public health order related to the COVID-19 pandemic, the most

to Stay at Home or Place of Residence

restrictive provision controls. Consistent with California Health and Safety Code section 131080 and the Health Officer Practice Guide for Communicable Disease Control in California, except where the State Health Officer may issue an order expressly directed at this Order and based on a finding that a provision of this Order constitutes a menace to public health, any more restrictive measures in this Order continue to apply and control in this County.

12. Definitions and Exemptions.

- a. For the purposes of this Order, individuals may leave their residence only to perform the following “Essential Activities.” However, people at high risk of severe illness from COVID-19 and people who are sick are strongly urged to stay in their residence to the extent possible, except as necessary to seek or provide medical care or Essential Governmental Functions. - d. For the purposes of this Order, all first responders, emergency management personnel, public health staff, emergency dispatchers, court personnel, and law enforcement personnel, and others who need to perform essential services are categorically exempt from this Order to the extent they are performing those essential services.
- e. Further, nothing in this Order shall prohibit any individual from performing or accessing "Essential Governmental Functions," as determined by the governmental entity performing those functions in the County. Each governmental entity shall identify and designate appropriate employees, volunteers, or contractors to continue providing and carrying out any Essential Governmental Functions, including the hiring or retention of new employees or contractors to perform such functions. Each governmental entity and its contractors, to the extent feasible and practical, should employ protective measures to prevent, mitigate, respond to and recover from the COVID-19 pandemic.
