Subject: SAFER L.A.

The novel coronavirus pandemic is a global emergency that is unprecedented in modern history. Profoundly impacting our daily lives, it has inspired Angelenos to respond with courage, compassion, wisdom and resolve to overcome this crisis and help each other.

In a short period of time and at an unprecedented scale, residents in every community have embraced urgent social distancing best practices, worn face coverings and adopted aggressive hygienic precaution, not just to protect themselves, but to protect others. Angelenos understand with exceptional clarity that there is only one way to get through this difficult moment: together.

The City’s Safer at Home order was followed with a willing and generous spirit.

And as a result, Los Angeles has reduced the spread of COVID-19, stabilized our rate of hospitalization and COVID-19 patients treated in intensive care units, increased our testing capacity, supplied protective equipment for healthcare workers and met the State of California’s criteria to resume some of the activities that were temporarily prohibited.

The City continues to encourage residents to stay safer at home as much as possible, to avoid gathering with others outside their households in both indoor and outdoor settings, and to telework as much as possible. But, following the guidance set forth by the Los Angeles County of Public Health, this Order will progressively allow more activities with certain modifications, based on health and safety needs.

We are encouraged to take these steps and support our economy, but we have to remain vigilant and tread carefully. As always, we will monitor public health data and guidance, and conform our policies accordingly with the safety of our residents foremost in our minds. If public health conditions change, it may become necessary to step backward periodically and for the City to amend this Order to be more restrictive.
Our commitment to Angelenos we are honored to serve is that we will remain steadfast in our efforts to keep residents informed and prepared as we move toward a Safer L.A.

Under the provisions of Section 231(i) of the Los Angeles City Charter and Chapter 3, Section 8.27 of the Los Angeles Administrative Code, I hereby declare that the Safer at Home Order, dated March 19, 2020 (Revised May 27, 2020) is withdrawn and superseded by this Order, which is necessary for the protection of life and property in the City of Los Angeles and is effective immediately:

1. Subject only to the exceptions outlined in this Paragraph and Paragraph 5 below, all persons living within the City of Los Angeles are hereby ordered to remain in their homes. Residents of the City of Los Angeles who are experiencing homelessness are exempt from this requirement. The City is working, along with partner government agencies and non-governmental organizations, to make more emergency shelters available for the unhoused residents of our City. City of Los Angeles officials and contracted partners responsible for homelessness outreach shall make every reasonable effort to persuade such residents to accept, if offered, temporary housing or shelter, as the Health Officer of the County of Los Angeles recommends that sheltering individuals will assist in reducing the spread of the virus and will protect the individual from potential exposure by allowing the individual access to sanitation tools. People at high risk of severe illness from COVID-19 and people who are sick are urged to stay in their residence to the extent possible except as necessary to seek medical care.

2. Subject only to the exceptions outlined in this Paragraph and Paragraph 5 below, all businesses within the City of Los Angeles are ordered to cease operations that require in-person attendance by workers at a workplace. Indoor Malls and Shopping Centers can open to no more than 50% of overall shopping center capacity. To the extent that business operations may be maintained by telecommuting or other remote means, while allowing all individuals to maintain shelter in their residences, this Order shall not apply to limit such business activities. A business that fails to cease operation despite not meeting an exception in this Paragraph or Paragraph 5 may be subject to having its water and power services shut off by the Department of Water and Power for not being in compliance with the Order. The Deputy Mayor of Public Safety, or his written designee, may, after engagement with and a written warning issued to a noncompliant business, refer that business in writing to the Department of Water and Power to shut off water and power services pursuant to this order. Upon receiving such a written referral, the Department of Water & Power is authorized to shut off water and power services to the noncompliant business operating in violation of the Order.
