27. This Order is issued to prevent circumstances often present in gatherings that may exacerbate the spread of COVID-19, such as: 1) the increased likelihood that gatherings will attract people from a broad geographic area; 2) the prolonged time period in which large numbers of people are in close proximity; 3) the difficulty in tracing exposure when large numbers of people attend a single event or are at a single location; and 4) the inability to ensure that such persons follow adequate hygienic practices.
28. This Order is issued to provide additional opportunities for recreational activities while also requiring additional protections from the spread of COVID-19 to the public who are taking advantage of these opportunities for recreational activities. And providing additional protections for employees of essential businesses or reopened business and their customers/clients by increasing facial covering requirements and health checks and temperature screening.
29. This Order is issued to protect the public health as businesses are allowed to reopen by requiring businesses to implement procedures necessary to ensure their employees and customers comply with social distancing, sanitation and screening practices.

32. Violation of this Order is subject to fine, imprisonment, or both. (California Health and Safety

Code section 120295.)

33. To the extent necessary, this Order may be enforced by the Sheriff or chiefs of police pursuant to Government Code sections 26602 and 41601 and Health and Safety Code section 101029.
